***Sukhdeep K. Dulai, MD, MHS, FRCSC***

Dr. Dulai is a Paediatric Orthopaedic Surgeon at the Stollery Children's Hospital (Edmonton, AB) and an Associate Professor in the Department of Surgery at the University of Alberta. She is also the current President of the Canadian Paediatric Orthopaedic Group (CPOG) and an active member of the Canadian Orthopaedic Association.

Prior to beginning her academic practice at the U of A in 2006, she completed fellowships at the Children's Hospital at Westmead (Sydney, Australia) and BC Children's Hospital (Vancouver, BC) and a master's degree in clinical epidemiology at the University of British Columbia.

Her clinical subspecialty interests are limb deformity (including complex hip and foot reconstruction) and neuromuscular disorders. From the research perspective, she is the co-chair of the Paediatric Orthopaedic and Rehabilitation medicine Research Team of Alberta (PORRTAL) which investigates gait disorders and the technology used in their assessment and management. She is also the orthopedic lead of the Paediatric Developmental Hip Dysplasia study group at the University of Alberta.
